

# **SITE MANAGER - POLAND (BESAT)**

## **Site Manager for a Danish production company.**

For a successful Danish company we are looking for a Site Manager/Director for the establishment and operation of a new factory in Poland.

**The new Site Manager will have 2 main roles:**

### **1. Establishment of the (new) factory in Poland, in rented premises:**

- . find location for factory in Western Poland (Szczecin, Stargard or Gorzow)
- . draw up specifications, budget and plan for the new factory
- . continuously monitor the 'construction project'

- . continuous reporting on the progress and finances of the project.
- . continuous follow-up of the timetable for relocation to the new factory

## **2. Start-up and operation of new factory in Poland, including:**

- . preparing the start-up plan for the new plant
- . assess the manpower requirements for the factory
- . initiate recruitment process of staff in Poland
- . explore the possibility of temporarily relocating key staff from Denmark
- . test machinery and other equipment for the operation of the factory
- . ensure that all necessary systems are adjusted and tested
- . ensure efficient logistics in relation to the receipt of goods and production
- . implement quality assurance and daily operations (Lean)
- . gradual transfer of tasks from Denmark to Poland.

Thereafter normal operations.

### **Interested?**
